Once you have remembered your friends and family, please consider including Building Hope in your Will.

To arrange a legacy is straightforward and less expensive than you might think.

It is advisable to use a solicitor or other legally qualified person to draft the will (or any codicil to an existing will). They will be able to make sure the wording is thorough and unambiguous, so your money and property really do reach the people and organisations you would wish to benefit.

Do let us know if you are including Building Hope in your will so we can thank you and keep you in touch with our work.
